

Rocco and the Corrosive Cynic

rrr

The election?

ccc

Which brace of fools? I go Dem this time
for a reason you wouldn't fathom.

rrr

Try me. I mean I don't read ten books a week
like you do, but I've learned something.

ccc

I doubt it.

rrr

Reason?

ccc

I don't want that phony, folksie woman hogging the news.
It'll be all gosh-darns and holy gees while we go down
in flames. Republicans excel at toxic horseshit.

rrr

Dems shoot straighter, yes?

ccc

Well, Dems had their Camelot. Transcendent horseshit
for all the ages!

rrr

That your exit line?

ccc

Well I am leaving, as even one of your small wit can notice.
But my exit line is Vote Republican! War Forever!
